

## Holiday Parties at *Seven Steps Up*, Event & Banquet Center

“Our employees are our most important asset.” We all say it—because it’s true. We’re not saying that your associates don’t appreciate a holiday bonus, but a well planned holiday party adds a personal, human touch. Even with a modest budget, you can show your staff that you truly appreciate their dedication during these tough economic times. Properly done, a Holiday Party can foster the teamwork that you strive so hard to build. It’s a sincere thank you for the 2010 effort and a morale builder to kick off 2011.

*Seven Steps Up* can help you plan a unique holiday party within your budget. Whether you opt for a formal sit-down dinner or a casual buffet cocktail reception, we can customize an evening that your company will remember for years to come.

We think holiday parties should be fun, and more than just dinner and drinks. Big screen Wii games, pool, ping pong, and an indoor bean bag toss are available and make great team building activities. The entire venue is yours for the evening—you won’t have to share the space with any other customers.

We’ll provide a cash or hosted bar. You can select from one of our excellent catering companies to customize a dinner or buffet for the evening. Call us today to plan a memorable Holiday Party.
